

# LEARNING MANAGEMEN SYSTEM

A GAME CHANGER

Google Classroom

# INTRODUCTION

Online has become the default mode of education during this long lockdown period due to Covid-19.

Schools and Colleges are shifting classes to online platforms, and tech companies are promoting various free services for students and teachers.

## DEFINITION

A learning management system (LMS) is an online platform that enables the delivery of materials, resources, tools, and activities to students both in and out of the classroom environment. It allows teachers to offer tailored instruction that can be accessed by students anytime, anywhere without geographic constraints.

# WHY WE NEED LMS?

Complete or Partial  
replacement of  
frontal teaching

Tracking student progress through all  
educational activities

Management of students

Management of  
course or  
subjects

Exchange of information  
with students

# KEY FEATURES OF LMS

## SINGLE POINT OF ACCESS

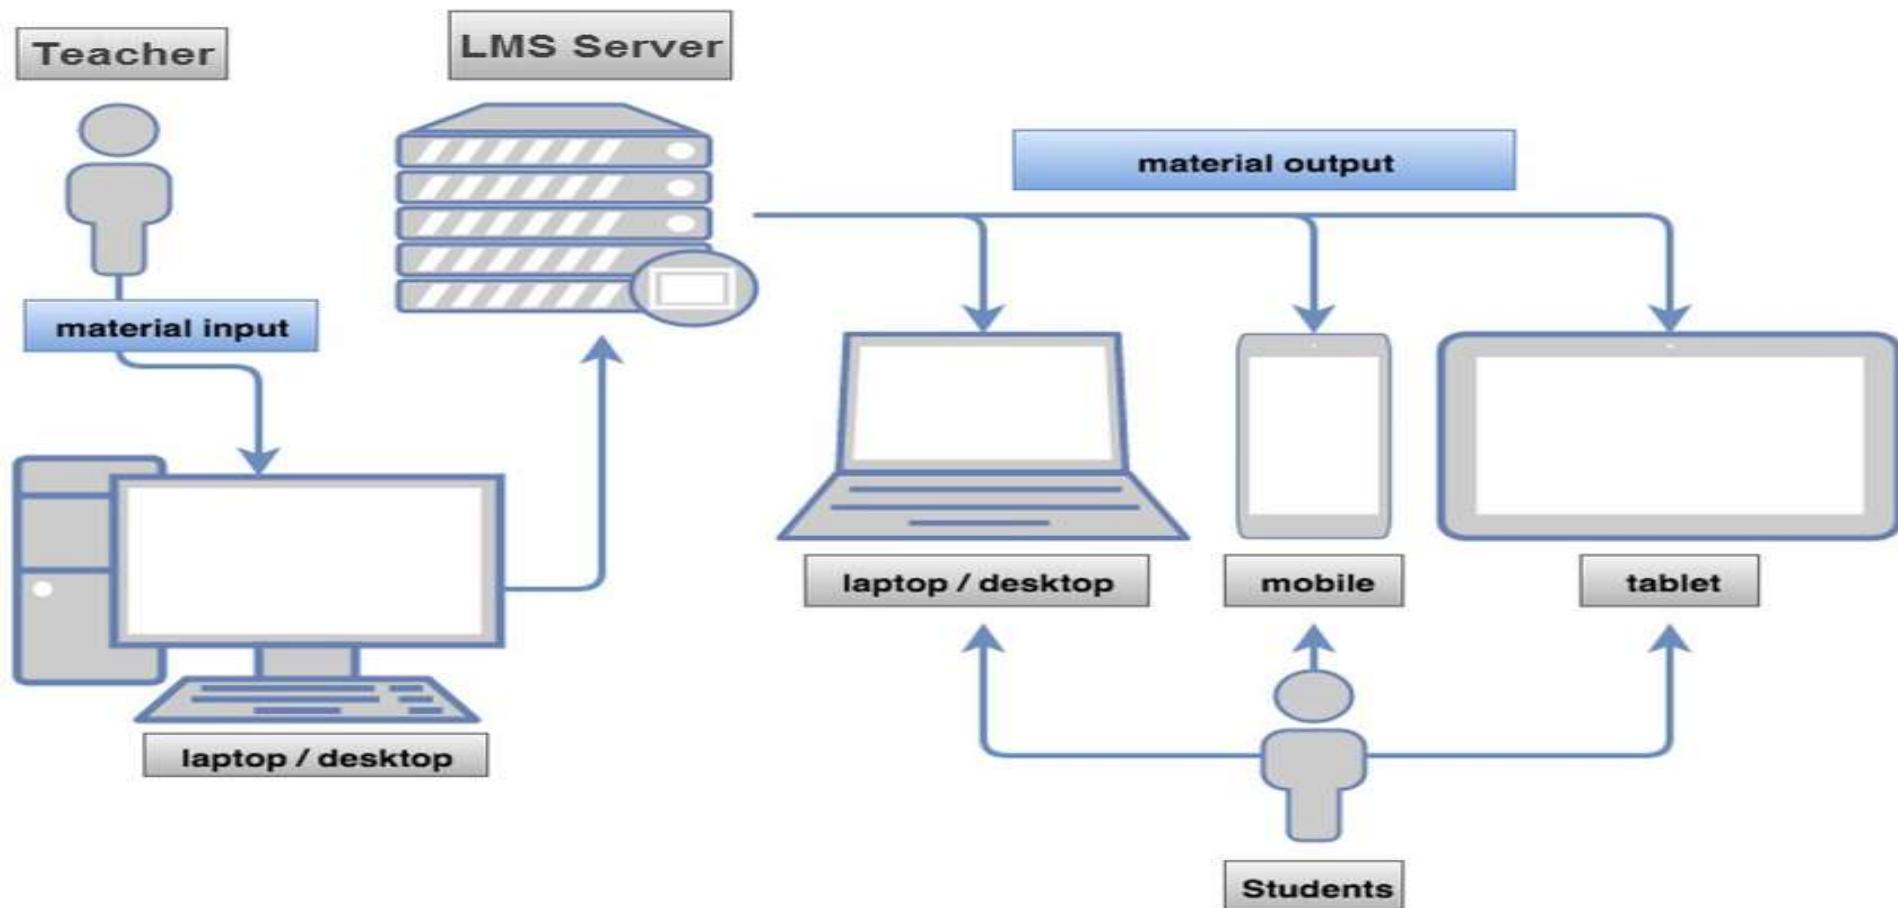

For all the e-learning content  
and student records.

## EASY ACCESS & FLEXIBILITY

For anytime, anywhere access to learning content and administration.

# LMS CONNECTING TEACHERS AND STUDENTS

## BASIC COMPONENTS

- ❖ Learning Content
- ❖ Learning Management
- ❖ Timetables
- ❖ Evaluation
- ❖ Certificates
- ❖ Reports

# CHARACTERISTICS OF LMS

# ELEMENTS OF LMS

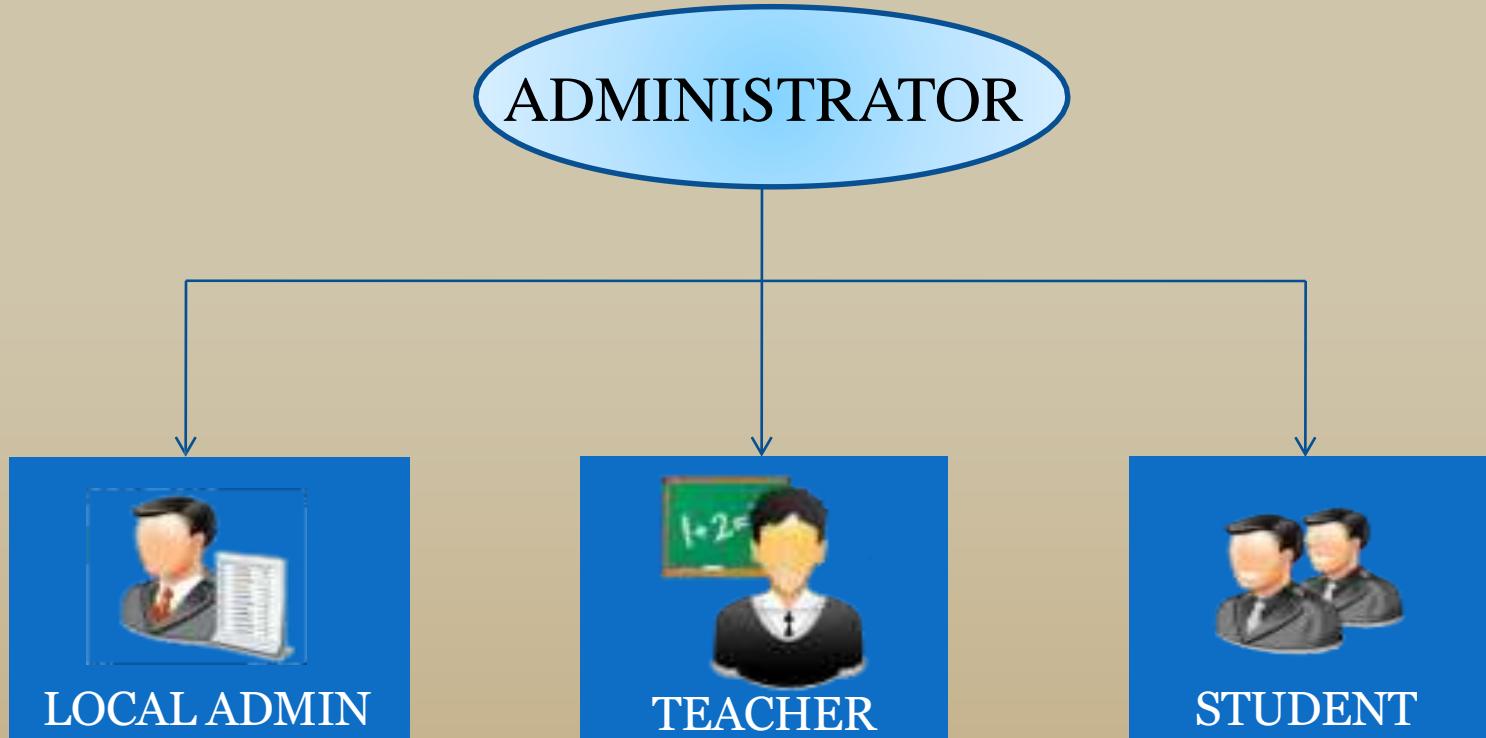

## 1.SERVER

## 2.USER INTERFACE

# USER ROLES AND INTERFACES

# TYPES OF USER ACCOUNTS

## ADMIN

- ❖ System Accessibility and Monitoring
- ❖ Account Registration
- ❖ Technical Support
- ❖ Reports e-Learning performance

## TEACH

- ❖ Facilitates learning through rich media resources
- ❖ Engages students for collaborative learning

## STUDE

- ❖ High engagement in discovery learning
- ❖ Develops critical and analytical thinking
- ❖ Shows self competence

## PAREN

- ❖ Monitor student performance
- ❖ Support learning at home
- ❖ View student reports

# GENERAL FUNCTIONS PROVIDED BY LMS

1.Structure

5.Interaction

9.Store Records

2.Security

6.Assessment

10.Reusable

3.Registration

7.Tracking

11.Integration

4.Delivery

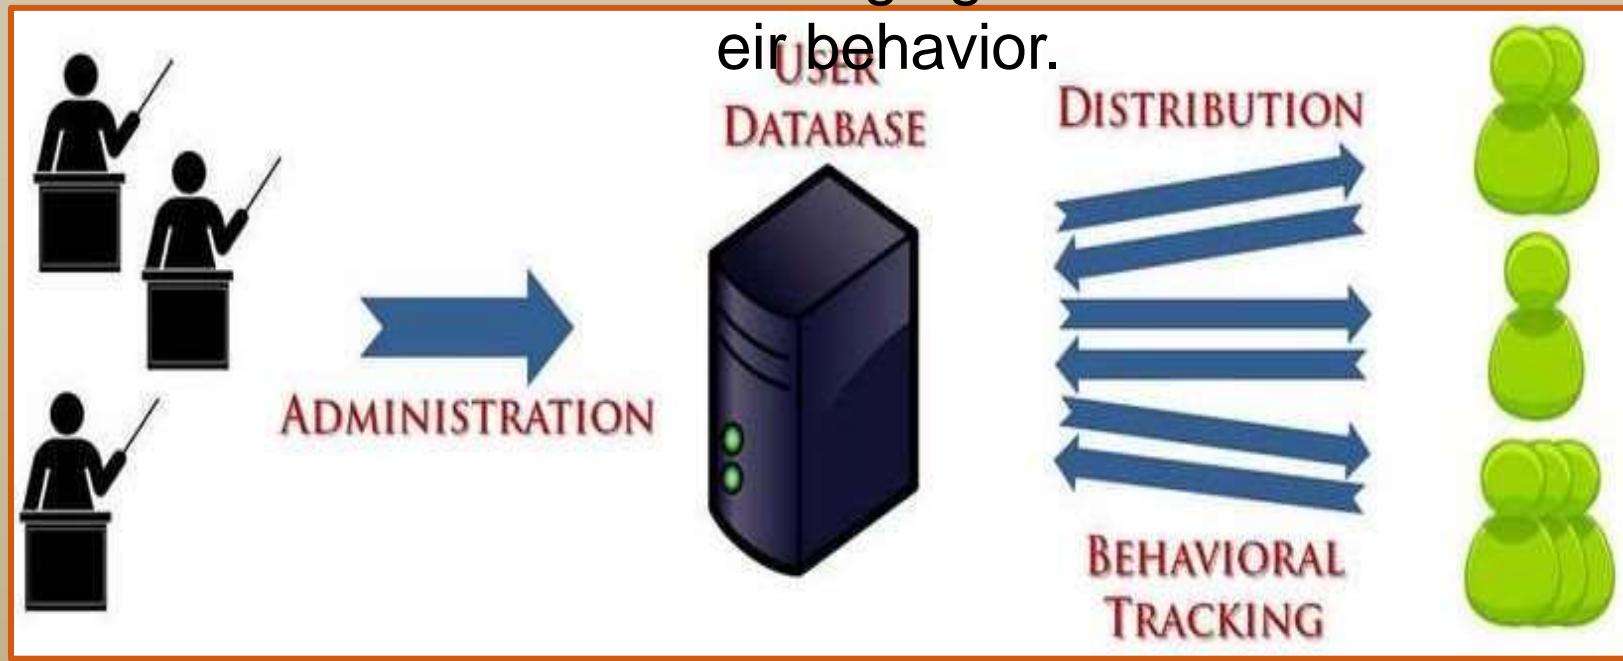

8.Reporting

12.Administration

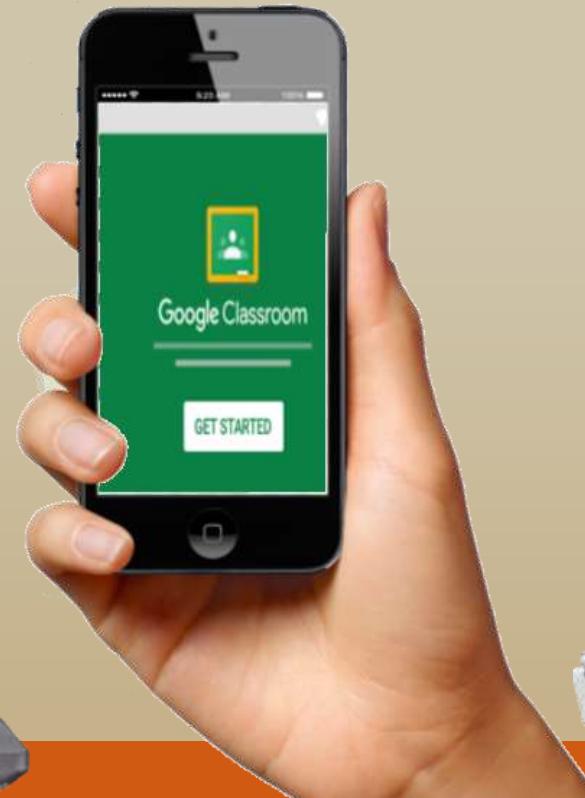

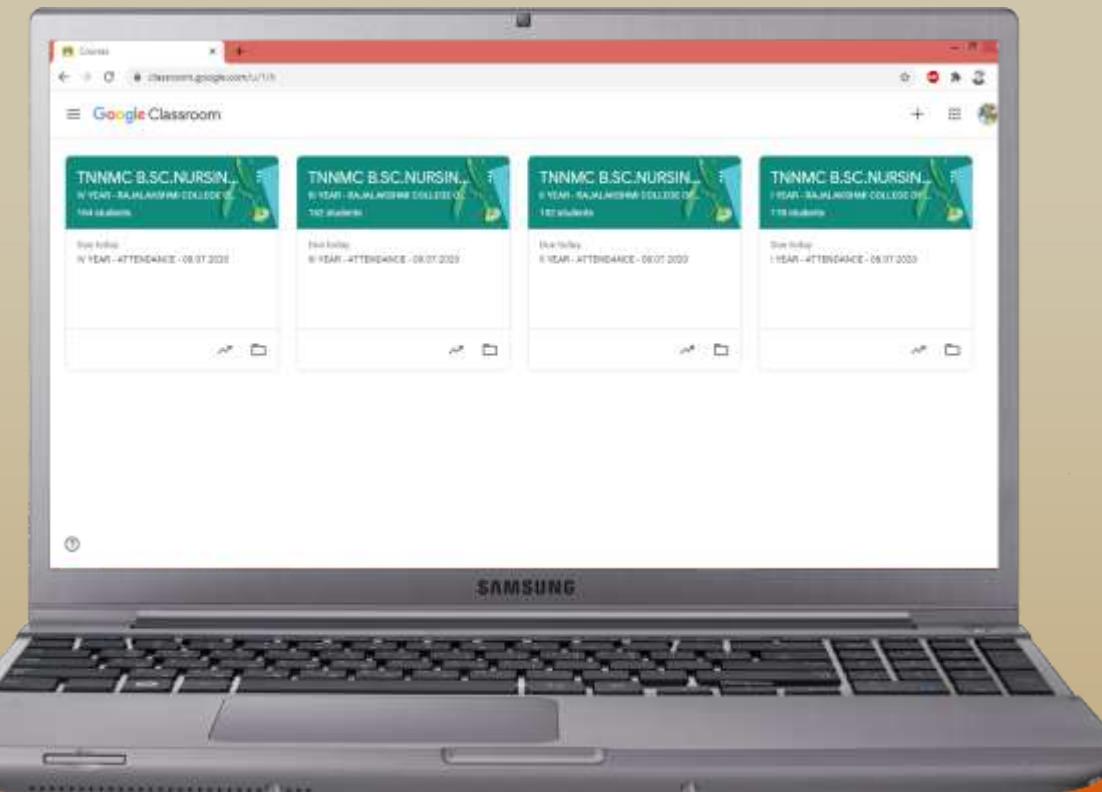

# LMS FRAMEWORK

**LMS (Learning Management System)** – It is a framework for content distribution and managing users as well as tracking their behavior.

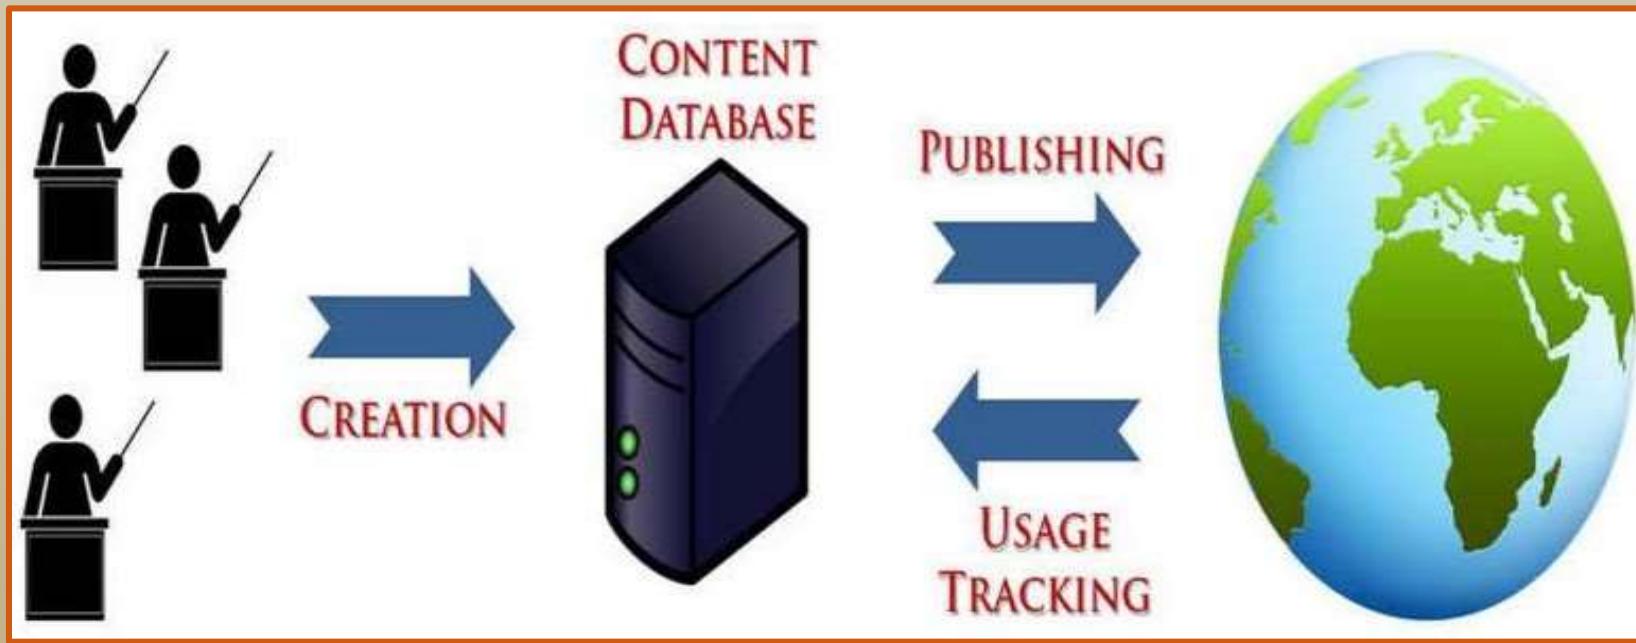

# EXAMPLE OF LMS

## GOOGLE CLASSROOM

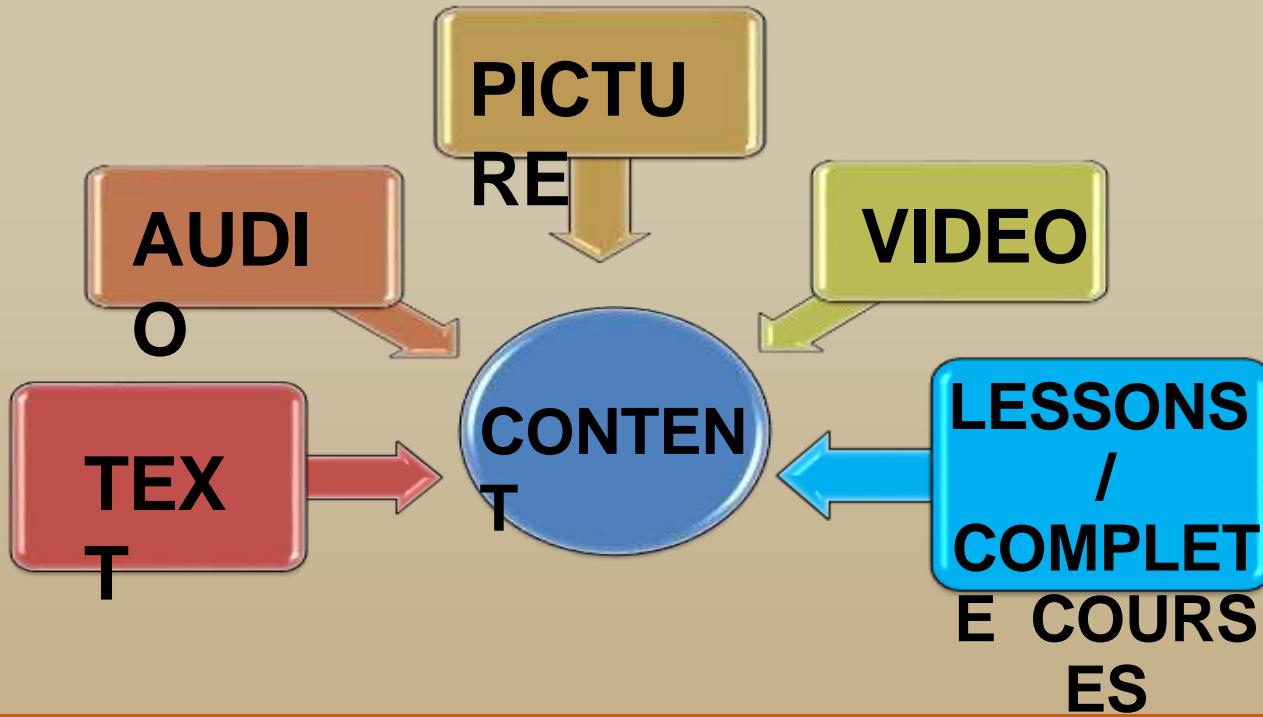

# CMS FRAMEWORK

**CMS (Content Management System)** – It is a framework for creating, publishing and tracking content modules or courses.

# Content Management System

# EXAMPLE OF CMS

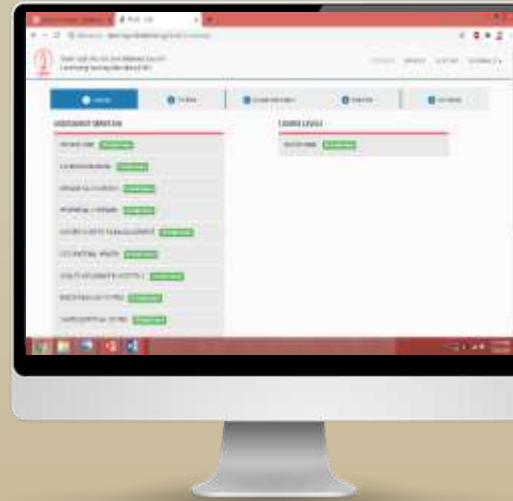

## TNNMC ONLINE CNE

The image shows two laptops side-by-side, both displaying the Tamil Nadu Nurses and Midwives Council (TNNMC) Continuing Nursing Education (CNE) website.

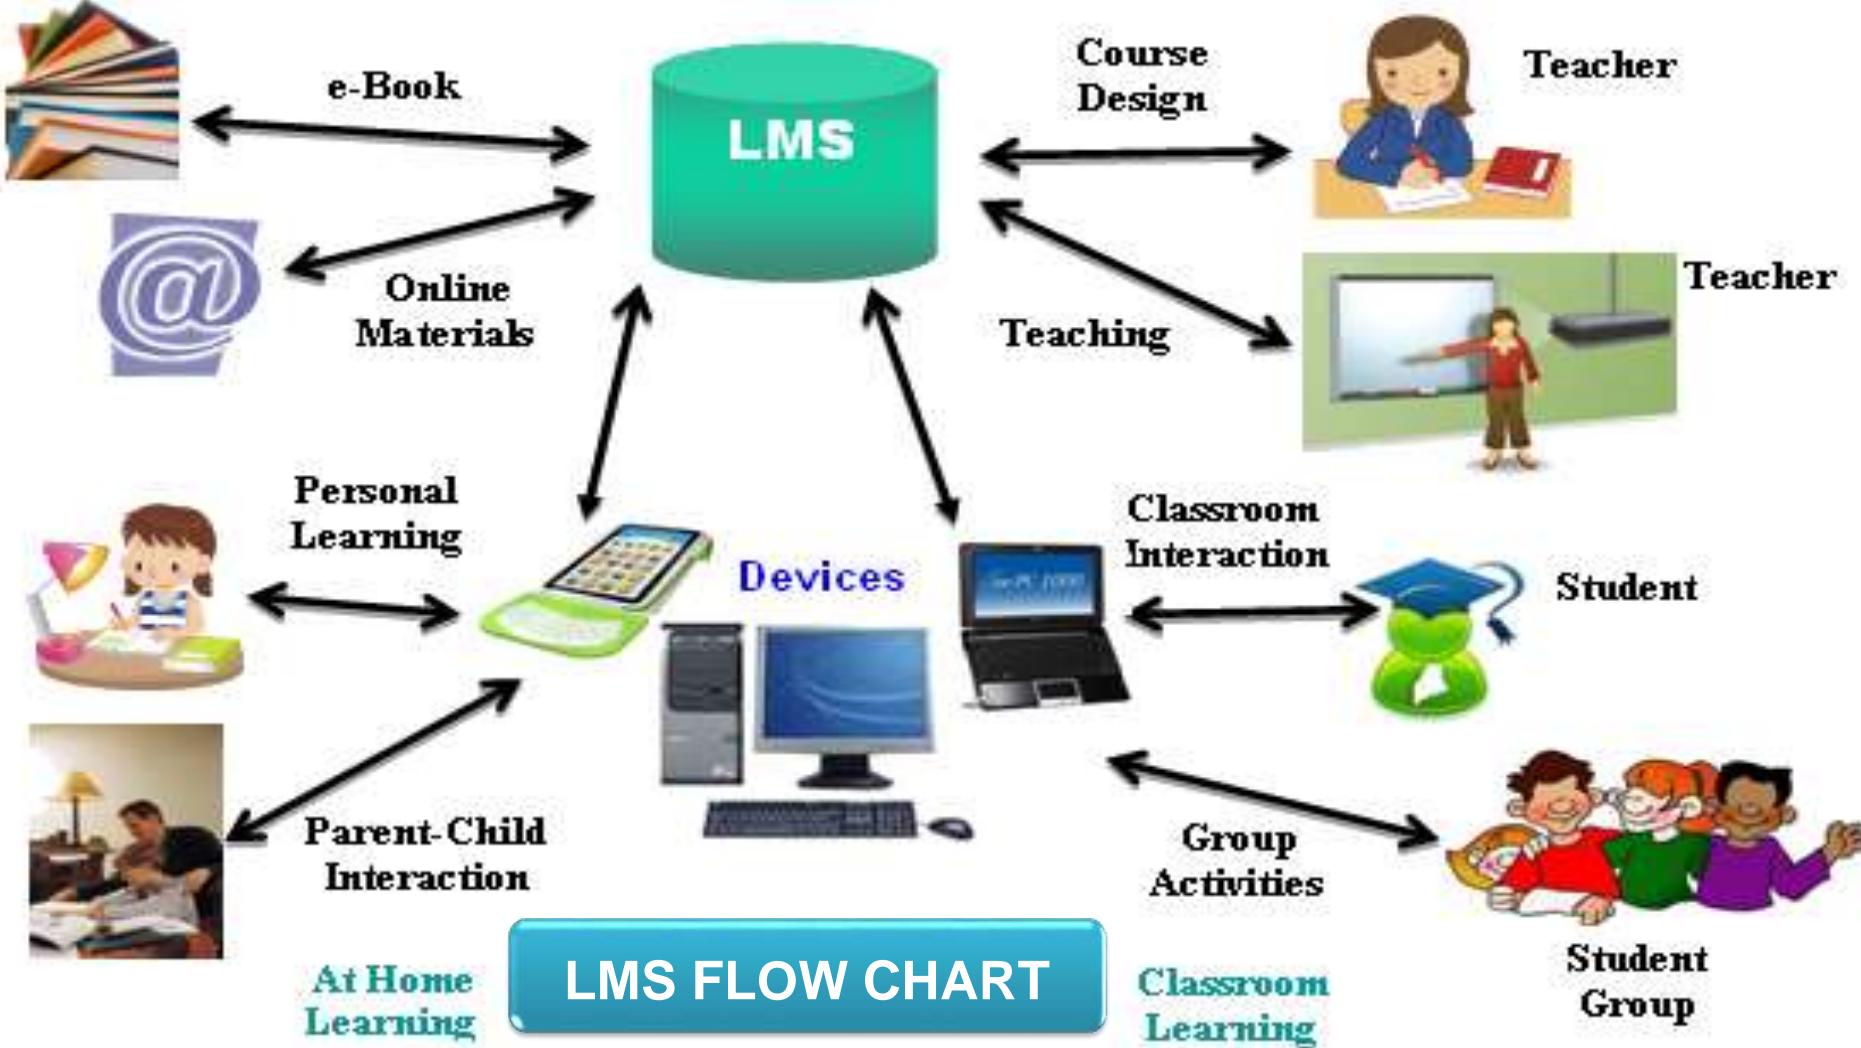

**Laptop 1 (Left):** Shows the login page. The header reads "Tamil Nadu Nurses and Midwives Council Continuing Nursing Education (CNE)". Below the header is a map of Tamil Nadu divided into districts. To the right is a login form with fields for "Email", "Password", "Remember Password?", "Forgot Password?", "Login", and "Forgot Email ID?".

**Laptop 2 (Right):** Shows the course catalog page. The header is identical. Below it is a navigation bar with links for "COURSE", "PROFILE", "HISTORY", and "DEEPAKA". A sidebar on the left lists "ASSESSMENT SERIES ON" with categories like "WOUND CARE", "LACTATION NURSING", "DOSE CALCULATION", "PERIPHERAL N THERAPY", "NURSES GUIDE TO PAIN MANAGEMENT", "OCCUPATIONAL HEALTH", "QUALITY ASSURANCE IN HOSPITALS", "RADIOONCOLOGY SYSTEM", and "GASTROINTESTINAL SYSTEM". On the right, under "COURSE LEVELS", there is a section for "BLOOD BANK" which is currently selected, indicated by a green background.

# LMS VS CMS

**CMS is a more passive application, it's mostly used to view documents. Whereas LMS is an application where learners are motivated to be interactive with the teachers.**

## What Teachers can do with moodle:

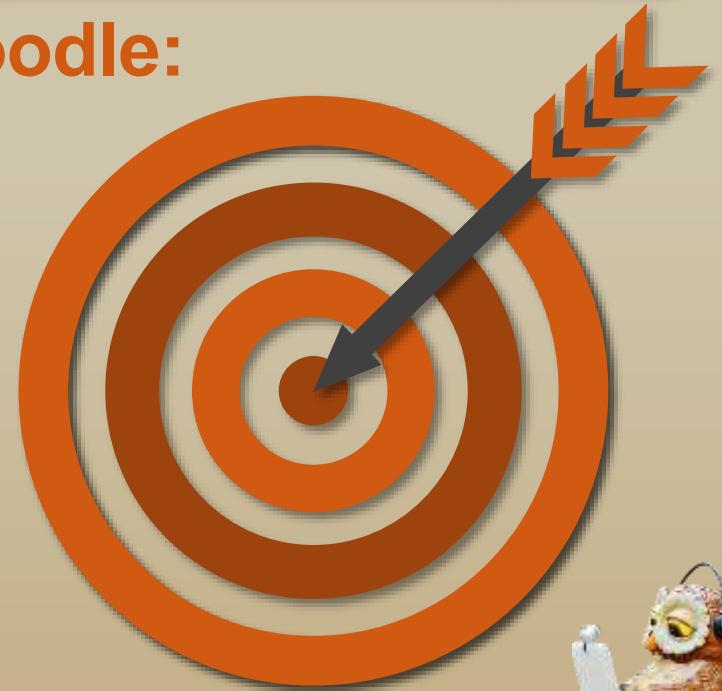

- CREATE ONLINE/OFFLINE COURSES
- UPLOAD FILES (e.g. Syllabus)
- OPEN DISCUSSION FORUMS
- CREATE ONLINE TESTS AND EXAMINATIONS
- DIVIDE STUDENTS INTO GROUPS

## What Students can do with moodle:

-  DOWNLOAD DOCUMENTS
-  UPLOAD HOMEWORK OR ASSIGNMENT
-  TAKE PART IN DISCUSSION FORUMS
-  PARTICIPATE IN QUIZ AND EXAMS
-  ATTEND LECTURE VIDEOS

The ClickView video selection interface is shown on the tablet screen. At the top, it says "Add a ClickView video". Below that, a message states: "Select a ClickView video directly from your LMS or add a ClickView video from our library of over 100,000 videos." A "Search" input field is present. The main area is titled "SELECT VIDEO" and shows a grid of video thumbnails. One thumbnail is highlighted with an orange border and labeled "Be prepared". Other thumbnails include "Digital Access to the Classroom Range", "Digital", "Digital download to the classroom range", and "Moving to Prezi". On the left side of the tablet, a vertical sidebar lists various Blackboard modules: Home Page, Resources, Content, Discussions, Groups, Tools, Help, and Help & Support.

The Content Market provider selection interface is displayed on the smartphone screen. At the top, it says "Content Market" and "Select your content provider". Below that, there is a grid of logos for different providers: Cengage Learning, LinkedIn Learning, McGraw Hill Education, macmillan learning, Pearson, and WILEY. Navigation arrows are visible on the right side of the grid. Below the grid, a section titled "Institution Tools" contains a single item with a blue icon.

# Blackboard

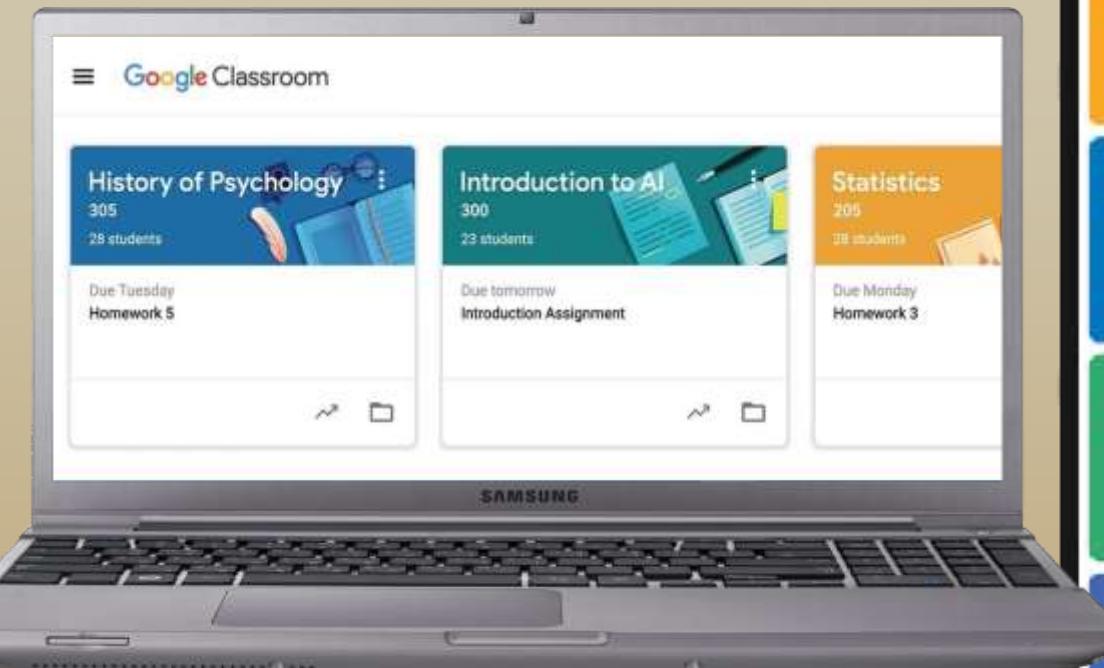

# docebo®

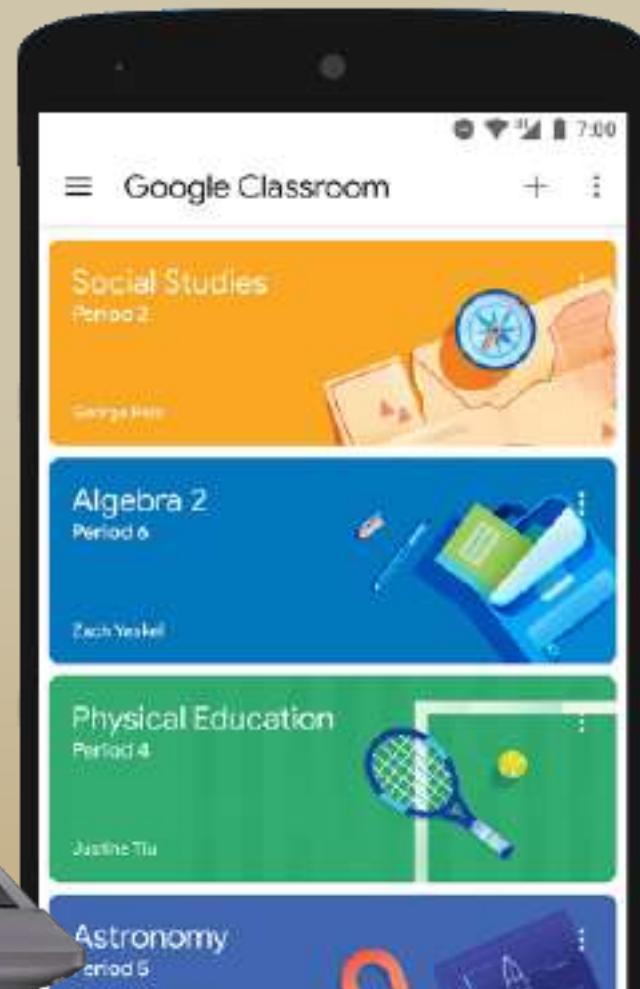

# Google Classroom

The image shows a laptop screen displaying the Google Classroom web interface. The interface features a grid of course cards:

- History of Psychology**: 305 students, Due Tuesday Homework 5.
- Introduction to AI**: 300 students, Due tomorrow Introduction Assignment.
- Statistics**: 205 students, Due Monday Homework 3.

Below the cards are navigation icons for search, filter, and folder.

The image shows a smartphone screen displaying the Google Classroom mobile application. The screen shows several classroom cards:

- Social Studies**: Period 2, George H.W. Bush.
- Algebra 2**: Period 6, Zach Yeske.
- Physical Education**: Period 4, Justice Liu.
- Astronomy**: Period 5.

## BENEFITS OF LMS

# LIMITATIONS OF LMS

## CONCLUSION

We as an educational community have to ensure continuity of education even during this global crisis. LMS technology can be a game changer in helping us navigate successfully during COVID-19 and beyond.

THANK YOU
